## O'NEAL DEFEATS MALLORY BY PLURALITY OF 20,000

Landslide in Alabama for  
the Local Option  
Candidate.

E. P. THOMAS IS SELECTED AS  
LIEUT. GOVERNOR — PERFECT  
WEATHER AND INTENSE IN-  
TEREST CAUSED AN IMMENSE  
VOTE TO BE POLLED—MOBILE  
COUNTY GAVE O'NEAL THE  
LARGEST PLURALITY OF ANY  
COUNTY IN THE STATE.

By Associated Press.  
Montgomery, May 2.—Returns indicate the nomination by twenty thousand plurality of Emmet A. O'Neal for governor on the local option platform and E. P. Thomas for lieutenant-governor. O'Neal defeated H. S. D. Mallory, a prohibitionist.

With perfect weather and ideal conditions otherwise, the voting began early. A full state ticket, with members of the legislature, United States senator to succeed John Hollis Bankhead and congressmen were chosen. The race for governor was based on the prohibition question, Hugh D. Mallory standing for the present prohibition acts and Emmet O'Neal being for local option.

It is believed that Mobile county has given O'Neal the largest plurality of any county in the state.

The intense interest throughout the state, which centered in the gubernatorial campaign, caused an immense vote to be polled, as many voting as on the constitutional amendment of a few months ago.

**FAVOR LOCAL OPTION.**  
The claim is made that a majority of delegates to the state convention to be held May 17 will favor local option and insist on a modification of the state prohibition laws. It is also claimed a majority of the senate will favor local option. The attitude of members of the house will not be known for several days.

In the fifth congressional district indications are that J. Thomas Heflin has been nominated for reelection. Senator John H. Bankhead was also re-nominated; for chief justice, J. R. Dowdell, and for associate justices, John C. Anderson and Ormond Somerville.

The contest for railroad commissioner and state treasurer is in doubt. Leon McCord was nominated for railroad commissioner probably, with second place between Max Hamburger, Frank Julian and S. P. Kennedy. For treasury appears leading for treasurer. The probable nominee for secretary of state is C. B. Brown; auditor, Smith; attorney general, Brickell; superintendent of education, Willingham; commissioner of agriculture, Kolb.

## CREATES THE MINE BUREAU

MEASURE PASSES THE SENATE  
AND HAS NOW ONLY TO BE  
SIGNED BY PRESIDENT—RAIL-  
ROAD BILL ALSO CONSIDERED.

By Associated Press.  
Washington, May 2.—In addition to considering the railroad bill for two hours, the senate today discussed at length and passed a bill creating the bureau of mines. This bill now requires only the signature of the president. It places the bureau of mines in the hands of a director at a salary of six thousand dollars. Its purpose is to foster the developing of the industry and especially in reference to the safety of miners.

The long and short haul amendment to the railroad bill was the subject of a lively debate.

This was suspension day in the house and numerous bills were passed. Among them were bills to increase the personnel of the engineer corps of the army, to provide additional lighthouse equipment and to build a monument at Midway, Ala., to the memory of General Stewart, of Revolutionary fame, the great grandfather of former President Roosevelt.

## Taft's Administration Endorsed by Roosevelt

By Associated Press.  
Washington, May 2.—In letters which Theodore Roosevelt is alleged to have written to President Taft, Secretary Root and William Loeb, Jr., it is said by the Washington Post today, the former president thoroughly endorses the Taft administration, favors Mr. Loeb to succeed Governor Hughes, of New York, and indicates that his decision to remain in private life is final and unalterable. The colonel will not even be a candidate to succeed Chauncey M. Depew in the senate and much less would he desire any other office.

## Chicago Grand Jury Starts Probing Illinois Grafting Scandal

By Associated Press.  
Chicago, May 2.—A special county grand jury convened today to hear evidence in the Chicago and Western Indiana railroad alleged grafting scandal and "other matters." Included under the head of "other matters" probably will be the presentation of evidence by State's Attorney Wayman looking toward indictments in connection with charges of bribery in the election of William Lorimer to the United States senate last May. While the jury has been called primarily

for the purpose of investigating the Chicago and Western Indiana scandal, the alleged Lorimer bribing case probably will occupy the center of the stage.

Mr. Wayman spent the major portion of yesterday in conferences relative to the Chicago and Western Indiana case. He had several secret meetings with persons interested in forcing the airing of the entire scandal, which involves the alleged use of \$212,000 for the buying of municipal and state legislation favorable to the interests of the railroad.

## Suffragette Says Remarks of Pres't Were Grossly Ill-Timed

By Associated Press.  
New Orleans, May 2.—The hissing of President Taft, when he addressed the recent convention of the Woman's Suffragist Association in Washington, was sounded in an effort to invoke silence and not in disparagement of the president's utterances, according to Dr. Anna Shaw, president of the association, who arrived here last night to address a meeting of the Era club, a woman's organization, tonight. At the same time she had some things

to say decidedly uncomplimentary to President Taft's speech. "We deplore the hissing," said Dr. Shaw, "but think that what the president said was grossly ill-timed. The fact is, the president was not prepared to speak at all. He probably said what he would not have uttered had he made careful deliberation of his words. Mr. Taft does not know where he stands on the woman's suffrage question. In that he is like a whole lot more of men."

## FOR FREEDOM CHAS. W. MORSE

ANOTHER FIGHT FOR HIS RE-  
LEASE FROM THE PENITENTI-  
ARY IS BEGUN IN THE UNITED  
STATES SUPREME COURT.

By Associated Press.  
Washington, May 2.—Another fight for the freedom of Charles W. Morse, the New York "ice king," who is serving a fifteen-year sentence in the federal penitentiary at Atlanta, was begun today in the supreme court of the United States when Martin W. Littleton asked leave to file a petition for a writ of habeas corpus.

Morse was convicted of misappropriation of the funds of the Bank of North America and of making false entries in the books. Four reasons are given why the sentence should be set aside. It is contended that Morse did not have a trial by an impartial jury, because the jury during the trial was placed in the exclusive custody of special agents of the department of justice; that one of the jurors, who is named, was not mentally qualified; that the trial court submitted to the jury an offense not charged in the indictment, and that the judgment is five years in excess of what the statute authorizes on one count of the indictment.

## SET TRIAL OF ROBIN COOPER

ONE OF MEN CHARGED WITH THE  
MURDER OF E. W. CARMACK IS  
TO BE GIVEN HEARING ON  
JUNE 21.

By Associated Press.  
Nashville, Tenn., April 2.—The case against Robin J. Cooper, charged with the murder of Senator E. W. Carmack in this city on November 9, 1908, was today set for trial on June 21 next.

Young Cooper was confined in the criminal court and the case was recently reversed by the supreme court and his bond lowered from \$25,000 to \$10,000.

It is said also the ex-president will in no sense be a candidate for the presidency in 1912. On the contrary his letters are said to indicate that it is his conviction that the reelection of President Taft is the Republican party's duty. While Colonel Roosevelt believes that a fight within the party, when it is confined to options of legislation, may be healthful, he does not favor a degree of insurgency that threatens to disrupt the party at the polls, and will probably deliver some speeches in the congressional campaign in the west urging the return of Republicans to congress.

## INSURGENTS SUCCESSFUL

REGULAR REPUBLICANS HOLD  
CONFERENCE AND WILL  
ABANDON SECTION OF PRESI-  
DENT TAFT'S RAILROAD BILL.

By Associated Press.  
Washington, May 2.—President Taft's railroad legislation will be emasculated. At the close of a protracted conference between leading regular Republican senators tonight it was apparent that the revolt of the insurgents had been virtually successful and that the section of the bill relative to traffic agreements and mergers which Senators Cummins and other insurgents have been fighting, will be abandoned.

## MACHINISTS GO ON A STRIKE

ALL EMPLOYED ON THE MIS-  
SOURI PACIFIC RAILROAD QUIT  
WORK ON DEMAND FOR MORE  
WAGES.

By Associated Press.  
Sedalia, Mo., May 2.—At the machinists in the shops here of the Missouri Pacific railroad struck at 10 o'clock this morning and reports received here indicate that the men everywhere on that system went out at the same time.

The men demanded an increase of from 36 to 40 cents an hour. The company offered 30 cents, but the men declined this.

**PEARY TO GET MEDAL.**  
London, May 2.—Commander Robert E. Peary, who came here today to receive the gold medal from the Royal Geographical Society and to deliver his lecture on his trip to the North Pole, will receive the medal on Wednesday. The explorer expects to be in Europe several weeks.

With the commander are Mrs. Peary and Captain Robert Bartlett, of the arctic steamer Roosevelt. The party was met by Major Leonard Darwin, the president, and Secretary Kellie, of the Royal Geographical Society; Commander Edward Simpson, American naval attaché at London, and a committee of the Pilgrims' society.

**FIVE MEN INJURED.**  
Macon, Ga., May 2.—Scaffolding on which several brick masons were at work on a part of the new Central of Georgia railway shops collapsed this morning, precipitating the workmen fifty feet to the ground, resulting in serious injuries to five men. One man, a negro, was seriously injured and is expected to die.

**MAN BURNED TO DEATH.**  
New Orleans, May 2.—John Weyman, 38 years old, a tank man on the British steamer Harry Wadsworth, was burned to death today as a result of an explosion on the vessel, which was discharging a cargo of creosote. Weyman went into the hold carrying a lighted lantern and this is believed to have caused the accident. The damage to the steamer was slight. The steamer was tied up to the wharf at Chalmette when the accident occurred.

## STATES UPHELD IN THEIR FIGHT ON THE TRUSTS

The United States Supreme  
Court Renders Decisions  
in Two Cases.

ONE DISBANDS THE RETAIL  
LUMBER DEALERS' ASSOCIA-  
TION OF MISSISSIPPI AND  
LOUISIANA AND THE OTHER  
OUSTS THE STANDARD OIL  
COMPANY FROM KENTUCKY—  
JUSTICE LURTON MAKES HIS  
FIRST UTTERANCE FROM SU-  
PREME COURT BENCH.

By Associated Press.  
Washington, May 2.—The hands of states in their fight against "trusts" were upheld today by the supreme court of the United States with telling effect. The association of retail lumber dealers in Mississippi and Louisiana was disbanded by the affirmation of the decree of the supreme court of Mississippi, and the Standard Oil Company of Kentucky was ousted from Tennessee by the approval of the decree of the supreme court of Tennessee.

Both the state courts had held they violated the anti-trust acts of the respective states.

Justice Lurton announced the opinion of the court in the Mississippi case. It was his first utterance from the supreme bench. The Standard Oil Company of Kentucky was ousted for alleged stifling of competition by inducing merchants to cancel orders for oil given an independent company, and it is claimed the Standard offered merchants ten gallons of oil per barrel as a bonus to countermand orders to the independent concern. The company was ousted and one agent convicted.

Justice Holmes announced the opinion of the United States supreme court upholding the Tennessee court.

## SMALL AMOUNT POISON FOUND

DR. WALTER S. HAINES, OF CHI-  
CAGO, TESTIFIES IN THE HYDE  
MURDER TRIAL, ADMITTING  
QUANTITY OF POISON FOUND  
WAS SMALL.

By Associated Press.  
Kansas City, Mo., May 2.—Dr. Walter S. Haines, of Chicago, a toxicologist, told at the Hyde murder trial the results of his search for poison. Insofar as personal investigations were concerned, he admitted he had not resulted in finding but little dangerous drugs in the viscera of different members of the Swope family.

**MRS. CHAMP CLARK,  
WHO IS ARRANGING  
BLUE BOOK FOR CON-  
GRESSMEN'S WIVES.**

Washington, May 2.—In imitation of their husbands, whose names and deeds are recorded in the Congressional Directory, the members of the Congressional club, composed of the wives of national lawmakers, intend to have a blue book of their own. The idea originated with Mrs. Champ Clark, better half of the minority leader of the house of representatives. Each member of the club has been asked to furnish a brief biography of herself, and among other questions is asked "If thrown on your own resources, what could you do to win a living for yourself?" A full record as to genealogy and personal achievements is requested. Mrs. Clark believes that the book will not only lend dignity to the club, but that it will act as a cementing bond between the members. Each new session of congress will see a new blue book.

## SEVERAL CANDIDATES FAIL TO FILE EXPENSE ACCOUNTS

## BIG TRACTS TIMBER LAND BOUGHT BY PENSACOLA MEN

Keyser-Muldon Co. Buy and  
Will Erect Saw Mill at  
Early Date.

LAND IS LOCATED ALONG LINE  
OF THE APALACHICOLA  
NORTHERN RAILROAD, AND  
WITH TWO OTHER SALES  
MADE TO PENSACOLA PARTIES  
TOTALS A MILLION AND A  
HALF DOLLARS.

The Keyser-Muldon Co., of this city, and W. F. and J. E. Graves have just purchased a large tract of pine timber land from the St. Joseph Land and Development Co., who also own the Apalachicola Northern railroad, just completed to St. Joseph Bay.

This makes the third large tract of timbered lands purchased from this company by Pensacola men, Wm. H. Knowles and C. W. Hagerman having purchased a large tract last September, and the Criglar Lumber Co. in December.

The total of these transactions foot up one and one-half million dollars. The Keyser-Muldon and Graves people will commence the immediate erection of a 100,000-foot capacity saw mill plant, to be of modern construction and the greater part of the manufactured product will be exported through Port St. Joe, the new seaport city that is to rebuild the old town of St. Joseph, although some of this product will come to Pensacola.

The history of "Old St. Joe" reads like a romance and is well remembered by old citizens of Pensacola as having played a prominent part in Florida's earlier days, and Port St. Joe is no doubt destined to become a factor in the development of West Florida, being situated on the shores of St. Joseph Bay, well and widely known as one of the best natural harbors on the Florida coast, and no better people could have been enlisted in the development of this harbor than these successful Pensacolians who have served a brilliant apprenticeship in developing Pensacola's own resources and making here the leading lumber port on the Gulf of Mexico.

## SEEKS TO GET INFORMATION

RESOLUTION INTRODUCED IN  
THE HOUSE TO COMPEL WICK-  
ERSHAM TO PRODUCE DOCU-  
MENTS RELATING TO GLAVIS  
CASE.

By Associated Press.  
Washington, May 2.—A resolution was introduced in the house today by Burton Harrison, Democrat, of New York, seeking to compel Attorney General Wickersham to make public documents and other information bearing on the summary which he presented to the president of the charges of Louis R. Glavis against Secretary Ballinger. It was referred to the rules committee.

Glavis's attorney, Brandies, contended in the Ballinger-Pinchot investigation that Wickersham wrote the summary two months after it was dated and after Taft's dismissal of Glavis, which was presumably based on Wickersham's summary.

## TUBERCULOSIS ASSN. MEETS

RESOLUTIONS PASSED FAVORING  
THE ESTABLISHING OF A PUB-  
LIC HEALTH DEPARTMENT BY  
THE UNITED STATES.

By Associated Press.  
Washington, May 2.—Resolutions favoring the establishing of a public health department, opposing the action of the Oklahoma board of medical examiners, excluding from practice in that state all physicians who have suffered from tuberculosis and also the Nebraska law, which requires indigent tubercular patients to take the serum treatment, were adopted tonight by the National Association for the Study and Prevention of Tuberculosis.

## N. B. BROWARD SPOKE TO BIG CROWD HERE

EX-GOVERNOR, WHO IS CANDI-  
DATE FOR UNITED STATE SEN-  
ATOR, HEARD IN GOOD SPEECH  
AT ARMY HALL AND WAS  
FREQUENTLY APPLAUDED BY  
HIS AUDIENCE.

Hon. Napoleon B. Broward addressed a large crowd at the court house annex last night in the interest of his candidacy for United States senator, and those who heard him appeared pleased, for the applause was frequent, healthy and given with good will. Mr. Broward spoke at length, giving his views, his promises, his past and what he desired for the future. One of the biggest features of his speech perhaps was the slight reference which he made to charges made against him by competitors in the race, saying that the L'Engle charges were wholly untrue, and passing them with that reference. As to the charges made by Mr. Tallaferra, he simply said that the people looked up to Mr. Tallaferra as a legislator for the interests, and he left him with such reference.

Ex-Governor Broward was profuse especially in his praise of Pensacola, at present and for the future. He pointed out the many points for good that should obtain at this point, among the pledges made were for a system of interoceanic canals, continued activity of the Pensacola navy yard, enlargement of the local army post, a breakwater for the protection of the harbor against the ravages of hurricanes, improvement of waterways, saying that he knew more about waterways than three-fourths of the senate did; to secure an agricultural college for each county of the state and government aid for each of such schools; soil experts to furnish mulch of ground, a health bureau, to cope with new diseases breaking out in foreign lands, citing as needs for such the cases of pellagra and hookworms, with which many suffered before the doctors knew how to cope with them. In all, Mr. Broward addressed himself to "the rank and file, and in the interests of the masses."

Mr. Broward is very sure of his point before he speaks, and expresses himself accordingly. He closed his speech by appealing for consideration of the people, paid a tribute to the ladies present, asked for careful consideration of his candidacy and said that it was the bounden duty of every voter to do the right thing. He then said that he had no men working for him, no one trying to importune voters to cast a ballot for him, and was running strictly on his own personality, leaving it with the voter to decide who was the better man to represent Florida in the greatest law-making body in the world.

The band played "Dixie," the crowd cheered and many ascended the platform and shook hands with the speaker, offering congratulations and pronouncing his speech one which appealed to them.

**ELEPHANT KILLS MAN.**  
Marietta, Ohio, May 2.—One circus employe was killed and another fatally injured as the result of an outbreak of an elephant here today. Samuel Montgomery, an animal trainer, was trampled by the infuriated beast and fatally hurt. William Evans took refuge on the top of a wagon but fell from it during the excitement, suffering a crushed skull. He died a few minutes later. Both men were residents of Louisville, Ky.

## Weston Finishes His Walk of 3,480 Miles

By Associated Press.  
Yonkers, N. Y., May 2.—Refreshed after his rest here over Sunday, Edward Payson Weston, the 72-year-old pedestrian, set out early today on the last twenty miles on his ocean-to-ocean walk, begun at Los Angeles, Cal., on February 1, last, and which he completed in New York this afternoon. Despite the early hour, a crowd of several hundred persons had assembled in front of the hotel where Weston had spent the night and it was with difficulty that he succeeded in forcing his way through the cheering throng into the road. He was in high spirits and took the buffeting by the crowd with good humor. In answer to the encouraging greeting, "Bully for you, old fellow," yelled at him by some admir-

Names Will Go On Primary  
Ticket, But Not on Gen-  
eral Election Ballot.

LAW REQUIRES THAT EXPENSE  
ACCOUNTS BE CERTIFIED TO  
CIRCUIT CLERK TEN DAYS BE-  
FORE FIRST PRIMARY—NINE  
FAIL TO COMPLY WITH NEW  
LAW.

Eight candidates failed to comply with the new law and file with the circuit clerk a statement of their campaign expenses. As a result they may be debarred, in case of their nomination in the primary, from becoming the nominees of the party in the general election. The law requires all candidates to file sworn statements with the circuit clerk ten days before the first primary, these statements containing every item of expense incurred during the campaign. Another statement shall be filed ten days after the first primary. Those candidates who failed to comply with the law are E. G. Creighton, candidate for the legislature; W. M. Agerton, for county school board; George H. Davis, T. L. Barnhouse, W. A. Shelby, M. O. Baggett, J. A. Wiggins and J. D. McCurdy.

Chairman Radcliffe states it as his opinion that this will eliminate the candidate as the party nominee in the general election should any of the above named be selected in the primary, but the names will appear on the primary ballots.

**SECTION OF LAW.**  
The law regarding the filing of certificates of expenses, after stating the form, date, etc., says regarding failure:

"Any candidate refusing or wilfully failing to obey any of the provisions of this act shall be punished by a fine not to exceed \$5 and shall not be allowed to have his name printed on the official ballot at the next ensuing general election."

Whether or not this can be construed to cover accidental neglect is a matter which is now being discussed in many quarters, but several attorneys have been quoted as stating that the failure of the candidates is sufficient to warrant refusal to place the name on the general election ballot in case of nomination.

**EXPENSES OF CANDIDATES.**  
Those candidates who filed their expense accounts and the sum which they have expended are as follows:

**CHINKS AND NEGROES  
IN FREE FOR ALL FIGHT**

By Associated Press.  
Chicago, May 2.—During a free-for-all fight between negroes and Chinese in a chop suey restaurant here early today, a Chinaman known as Little Wong was killed, slashed by a razor. Roy Howard, a negro, was arrested. The fight started over payment of a bill and became general between the two races. Police responding to a riot call rescued a number of white women who had been unable to escape while the fight was on.
